Your Chart Snapshot

Rohan's relationship nature

Rohan loves with warmth, loyalty, and visible affection. Leo rising with Venus occupying the 1st house gives Rohan a generous romantic style: appreciation, admiration, and a sense of being proud of the relationship matter deeply. Rohan's Capricorn Moon in the 6th house, in Dhanishta, adds a practical emotional rhythm; care is often shown through reliability, problem-solving, and taking responsibility.

Rohan needs respect, steadiness, and clear communication to feel secure. The 7th house is Aquarius, with Saturn occupying it and Saturn ruling the 7th house; partnership therefore carries seriousness and long-term purpose. Saturn's aspect on the 1st house can make Rohan guarded about vulnerability, even while Venus seeks closeness. Rohan's Dara Karaka is Mercury, while Mercury occupies the 3rd house, reinforcing the importance of honest conversation, shared plans, and intellectual companionship.

Rohan's blind spot is turning care into correction. With the Moon in the 6th house and the 6th house receiving aspects from Mars, Jupiter, and Ketu, emotional tension can become analysis, fixing, or quiet criticism. Rohan may also expect affection to be understood through practical effort rather than explicitly naming feelings.

WHAT TO DO

Rohan can offer appreciation before advice, schedule regular check-ins, and say plainly when reassurance or affection is needed. A shared weekly ritual—an unrushed meal, walk, or planning conversation—helps love feel both warm and dependable.

08

Your Partner's Chart Snapshot

How Ananya Loves

Ananya loves with steadiness, warmth, and a strong instinct to make the relationship tangible. Scorpio rising gives her emotional depth and loyalty, while Venus in Taurus in the 7th house—her own sign and the 7th lord—makes partnership central to her sense of harmony. She shows affection through consistency, physical presence, practical care, and creating a comfortable shared life.

Her Aries Moon in Bharani brings direct feeling and a courageous, protective heart. Ananya may respond quickly when something matters, yet she also has the capacity to carry responsibility and remain committed through demanding

phases. Jupiter in Sagittarius in the 2nd house strengthens her wish for honest speech, shared values, and a relationship that supports growth.

What Helps Ananya Feel Secure

Ananya feels safest when love is clear, dependable, and expressed through action. Regular affection, transparent plans, respectful conversations about money and family, and a welcoming home environment help her settle emotionally. She benefits when Rohan acknowledges both her independence and her need for reassurance rather than assuming that devotion is understood without being spoken.

Ananya's Blind Spot

Ananya can move from emotional sensitivity into problem-solving or confrontation before fully naming what hurts. Mars, Saturn, and Ketu together in the 5th house can make romantic expression more guarded, especially when fear of disappointment or loss is activated. Her task is to soften urgency with patience and to allow tenderness to be visible, not only competence.

WHAT TO DO

Ananya and Rohan can keep a weekly ritual of appreciation: each names one dependable act, one feeling, and one practical need for the coming week.

09

Your Relationship Map

Moon to Moon

Rohan's Moon in Capricorn and Ananya's Moon in Aries sit 4th and 10th from each other, forming a square. Rohan tends to process feelings through steadiness, responsibility and practical action, while Ananya's emotional rhythm is quicker, more direct and instinctive. Neither approach is wrong, but each can misread the other: Rohan may experience urgency as pressure, while Ananya may experience caution as distance.

The relationship works best when emotional timing is made explicit. A useful practice is to ask, “Is this a moment for listening, solving, or space?” before responding. That simple pause lets Rohan offer steadiness without seeming withholding and lets Ananya express immediacy without overwhelming the conversation.

What Each Lights Up in the Other

Ananya's Sun, Moon and Mercury in Aries fall in Rohan's 9th house, bringing her convictions, feelings and voice into his worldview, learning and sense of meaning. Ananya encourages Rohan to examine assumptions and speak more candidly about principles, travel, study and the future. Rohan's Moon in Capricorn falls in Ananya's 3rd house, giving her a partner whose emotional presence strongly affects daily communication, planning and shared effort.

Rohan's Sun and Jupiter in Virgo fall in Ananya's 11th house, supporting her aspirations, networks and long-term gains. Rohan's Venus in Leo falls in Ananya's 10th house, adding warmth and appreciation to her public direction, while Rohan's Lagna in Leo also falls in Ananya's 10th house: his presence naturally engages her ambitions.

Ananya's Jupiter in Sagittarius falls in Rohan's 5th house, nourishing creativity, affection, play and shared inspiration. Ananya's Venus in Taurus falls in Rohan's 10th house; as Ananya's 7th lord, Venus connects partnership with Rohan's visible goals and contribution. Ananya's Lagna in Scorpio falls in Rohan's 4th house, making her presence deeply relevant to home, belonging and emotional security.

Where One Presses

Rohan's Saturn in Aquarius falls in Ananya's 4th house. Saturn is Rohan's 7th lord, so his partnership pattern presses on Ananya's home life and inner foundations, sometimes feeling demanding but also capable of creating durable structure. Rohan's Rahu in Scorpio falls in Ananya's 1st house, intensifying self-awareness, while his Ketu in Taurus falls in Ananya's 7th house, encouraging both discernment and periodic detachment within partnership.

Ananya's Mars, Saturn and Ketu in Pisces fall in Rohan's 8th house, pressing on vulnerability, shared responsibilities and deep change. This can become a source of mistrust only when difficult subjects are avoided; handled consciously, it supports honest transformation.

WHAT TO DO

Hold a weekly relationship meeting covering feelings, household needs, money and future plans. End by naming one thing each person appreciated; this gives the intense overlay a steady, affectionate container.

10

Emotional Needs & Reassurance

AT A GLANCE

Rohan needs steady, practical reassurance and room to regain composure; Ananya needs warmth, presence and clear emotional acknowledgment. The reassurance gap narrows when Rohan speaks before withdrawing and Ananya asks for comfort without turning urgency into pressure.

Rohan's Moon in Capricorn, Dhanishta, carries stress through the 6th house: Rohan may become task-focused, controlled and quietly determined to solve the problem. Rohan's 4th house is Scorpio, with Rahu occupying it and Saturn and Ketu aspecting it, so inner safety is restored through privacy, emotional honesty and a dependable home rhythm. Rohan shows care by taking responsibility, fixing practical difficulties and remaining present even when feelings are expressed sparingly.

Ananya's Moon in Aries, Bharani, also sits in the 6th house, but Ananya processes pressure more immediately and intensely. Ananya's 4th house is Aquarius, and its lord Saturn is in the 5th house alongside Mars and Ketu; reassurance therefore needs both emotional space and evidence that the relationship remains steady. Ananya shows care through direct engagement, protection and active involvement rather than quiet observation.

The overlay makes the difference vivid: Rohan's Moon (Capricorn) falls in Ananya's 3rd house, so Rohan's measured words can help Ananya organise strong feelings. Ananya's Sun, Moon and Mercury (Aries) fall in Rohan's 9th house, so Ananya's convictions and candid expression can give Rohan perspective, though their different emotional rhythms still require conscious adjustment. Rohan's Saturn (Aquarius) falls in Ananya's 4th house, making reliability deeply meaningful but sometimes experienced as emotional seriousness.

- ♦ **To comfort Rohan:** offer calm company, a specific plan and time to respond.
- ♦ **To comfort Ananya:** name the feeling, stay physically or verbally present, and give a clear next step.
- ♦ **Together:** use a ten-minute check-in: one person speaks uninterrupted, the other reflects back before offering solutions.

11

Communication & Repairing Conflict

How Rohan and Ananya speak

AT A GLANCE

Rohan and Ananya can solve difficult matters well when Rohan slows the delivery and Ananya softens the first response. Their repair depends less on finding the perfect argument and more on creating enough safety for both styles to be heard.

Rohan's Mars and Mercury in Libra give his speech a balancing, analytical quality: he may compare options, explain context and search for a fair formulation. As these planets fall in Ananya's 12th house, that careful reasoning can sometimes land as distance, over-processing or withdrawal, especially when Ananya wants an immediate emotional answer.

Ananya's Sun, Moon and Mercury in Aries bring direct, instinctive communication. Falling in Rohan's 9th house, Ananya's words can challenge Rohan's principles and invite a wider perspective, but the force of that directness may feel to Rohan like a judgment about what is right. Rohan's Moon in Capricorn falls in

Ananya's 3rd house, so Rohan's measured observations can become a constant mental presence for Ananya—useful when expressed warmly, heavy when delivered as correction.

The repeating argument

The likely cycle begins when Ananya raises a concern plainly and urgently. Rohan responds by analysing, qualifying or seeking balance; Ananya then experiences the response as avoidance, while Rohan experiences the escalating emotion as unfair pressure. Rohan's Mars and Mercury in Ananya's 12th house can make the conversation disappear into silence, late-night rumination or unfinished messages rather than reaching resolution.

Rohan's Moon and Ananya's Moon sit 4th and 10th from each other, a square: Rohan may need composure and time, while Ananya needs movement and acknowledgement. Other overlays can add intensity around shared responsibilities, but the central communication task remains translating pace rather than proving a point.

A repair ritual for both

When tension rises, Ananya can begin with one feeling and one specific request; Rohan can reflect those words before offering analysis. Rohan should then state one clear position in a single sentence, while Ananya allows a short pause without treating it as rejection. After twenty minutes apart, both return for a ten-minute conversation: each names one thing understood, one responsibility accepted and one next action.

WHAT TO DO

Use a weekly “clear the air” ritual with phones away. End by agreeing on one small shared action—an apology, a practical adjustment or time reserved together—so repair becomes visible rather than merely promised.

Intimacy & Affection

Affection styles

Rohan gives affection through presence, admiration and thoughtful gestures. Venus in Leo in Rohan's 1st house makes warmth visible, while Mars in Libra in the 3rd house prefers conversation, shared plans and a graceful meeting of minds. Rohan receives love best when appreciation is expressed openly and consistently rather than assumed.

Ananya offers affection through steadiness, loyalty and tangible care. Venus in Taurus in Ananya's 7th house, in own sign, values comfort, reliability and a beautiful everyday life; Mars in Pisces in the 5th house adds imagination and a gentle, romantic impulse. Ananya feels most cherished when tenderness is paired with dependable follow-through.

How the bond lands

Rohan's Venus (Leo) falls in Ananya's 10th house, so Rohan's charm and affection can encourage Ananya's confidence, visibility and ambitions. Ananya's Venus (Taurus) falls in Rohan's 10th house, allowing Ananya's devotion to support Rohan's direction and sense of accomplishment. Their affection becomes strongest when the couple celebrates one another publicly and protects private time from becoming only work-focused.

Rohan's Mars and Mercury (Libra) fall in Ananya's 12th house, making private conversation and quiet companionship especially intimate for Ananya, though rushed words can feel overwhelming. Ananya's Mars, Saturn and Ketu (Pisces) fall in Rohan's 8th house, bringing depth and seriousness that can deepen trust when handled patiently. Rohan's D9 Venus in Cancer and Ananya's D9 Venus in Gemini suggest that lasting closeness needs both emotional safety and lively conversation.

The patient mismatch

Rohan may seek visible reassurance and appreciative warmth, while Ananya may show love by creating stability and solving practical concerns. Neither style is colder or less devoted; the difference is between affirmation and consistency. A weekly ritual of gratitude, followed by an unhurried shared activity, can translate both love languages.

WHAT TO DO

Rohan can name one quality admired in Ananya each week, while Ananya can pair reassurance with a concrete shared plan. Together, keep one screen-free evening for conversation, music, or a simple meal prepared with care.

13

Money as a Couple

AT A GLANCE

Rohan brings structure through planning, while Ananya brings conviction and long-term value awareness. A shared system should let Rohan coordinate the monthly plan, with Ananya leading major goals, while both retain clearly defined personal spending space.

Rohan's 2nd lord Mercury and 11th lord Mercury sit in the 3rd house with Mars, making money conversations active, practical and detail-oriented. Rohan's 2nd house is weak by SAV, while the 11th house is strong, so disciplined earning and clear communication matter more than casual spending. Rohan may naturally want to compare options, negotiate and keep improving the household plan.

Ananya's 2nd lord Jupiter occupies the 2nd house in own sign, giving her a principled, security-minded relationship with resources. Her 11th lord Mercury is in the 6th house, and the 11th house is strong by SAV: gains are best handled through routines, work systems and careful follow-through rather than improvisation. Ananya may therefore focus on value, resilience and whether a purchase supports the larger purpose.

The overlay makes this complementary but conversationally sensitive. Rohan's Sun and Jupiter (Virgo) fall in Ananya's 11th house, encouraging shared ambitions and practical growth; Ananya's Jupiter (Sagittarius) falls in Rohan's 5th house, adding generosity, confidence and a wish to invest in meaningful experiences or creative plans. Ananya's Rahu (Virgo) falls in Rohan's 2nd house, so discussions about priorities and wording can become unusually charged; keep decisions written and time-limited.

WHAT TO DO

Rohan can maintain the monthly budget and cash-flow calendar; Ananya can define quarterly goals and review whether spending serves them. Keep a joint account for agreed household costs and goals, while preserving separate personal accounts with equal, no-questions-asked allowances. Hold one short weekly money meeting: review actuals, choose one adjustment, and end with a shared priority rather than criticism.

14

Home, Family & Children

Building a Warm, Purposeful Home

AT A GLANCE

Rohan and Ananya can create a home that balances Rohan's need for emotional depth and continuity with Ananya's instinct for beauty, order and active engagement. The strongest window is 2029-08-25 to 2029-10-05; use it for a thoughtful family-planning conversation and practical decisions rather than pressure.

Rohan's 4th house is Scorpio, with Mars as its lord and Rahu occupying it; Saturn and Ketu aspect the 4th house. This gives Rohan a strong instinct to protect the private world, while also suggesting that home life benefits from flexibility and transparent communication. Rohan's 5th house is Sagittarius, with Jupiter as its lord. Jupiter occupies the 2nd house and is joined there by Sun, supporting a

family culture built around learning, values, generous speech and shared traditions. Rohan's Putra Karaka is Mars, so Rohan may parent through initiative, practical guidance and encouragement of courage.

Ananya's 4th house is Aquarius, with Saturn as its lord. Its strong Ashtakavarga foundation supports the capacity to build a dependable domestic structure, although Saturn's placement in the 5th house can make Ananya approach family responsibilities seriously. Ananya's 5th house is Pisces, with Jupiter as its lord; Mars, Saturn and Ketu occupy it, while Rahu aspects it. Ananya's Putra Karaka is Saturn, indicating patient, responsible parenting with a preference for consistency, boundaries and long-term preparation. Jupiter, Ananya's 5th lord, is in own sign in the 2nd house, strengthening family values and continuity.

Rohan's relationship with Ananya's family can grow through respectful participation in traditions and dependable practical help. Ananya's relationship with Rohan's family is supported when she is welcomed into decisions without being expected to carry every emotional responsibility. The overlay reinforces shared family purpose: Ananya's Jupiter falls in Rohan's 5th house, while Ananya's Lagna falls in Rohan's 4th house.

WHAT TO DO

Create a shared home charter covering routines, finances, privacy, family visits and the values Rohan and Ananya want to pass on. Revisit it together during the strongest window, keeping family plans spacious, compassionate and responsive to real-life readiness.

15

Shared Purpose & Growing Together

Rohan and Ananya's Shared Direction

Rohan's 9th house, Aries, is led by Mars in the 3rd house, while Rohan's 10th house, Taurus, is led by Venus in the 1st house. This gives Rohan a path where beliefs become practical initiatives and career grows through personal presence, communication and self-directed effort. Ananya's Sun, Moon and Mercury (Aries)

fall in Rohan's 9th house, so Ananya's convictions and problem-solving sharpen Rohan's larger purpose; Ananya can encourage Rohan to act on principles rather than leave them theoretical.

Ananya's 9th house, Cancer, is led by Moon in the 6th house, and Ananya's 10th house, Leo, is led by Sun in the 6th house. Her beliefs and ambitions therefore develop through service, disciplined work and solving real problems. Rohan's Sun and Jupiter (Virgo) fall in Ananya's 11th house, bringing practical wisdom and purposeful leadership into Ananya's networks, goals and professional gains. Rohan's perspective can help Ananya turn effort into measurable progress.

Rohan's Venus (Leo) falls in Ananya's 10th house, while Ananya's Venus (Taurus) falls in Rohan's 10th house. Each person naturally highlights the other's public contribution, making mutual encouragement especially valuable when one career enters a visible growth phase. The same overlay can create competition for attention: both may want recognition, decision-making space or time for a major professional commitment.

WHAT TO DO

Choose one shared goal—such as building a joint educational, advisory or service project—and divide it into complementary roles: Rohan can lead communication and strategy, while Ananya can manage execution, standards and practical delivery. Set a weekly career-and-beliefs conversation so ambition strengthens the relationship rather than quietly competing with it.

Recurring Friction & How to Defuse It

AT A GLANCE

The recurring friction comes from emotional timing, intense private reactions, and relationship pressure that can turn ordinary disagreements into defensive standoffs. Rohan and Ananya can soften this by slowing conversations, naming the practical issue, and protecting regular time for warmth rather than problem-solving.

Different emotional rhythms

Rohan's Moon (Capricorn) and Ananya's Moon (Aries) sit 4th and 10th from each other, a square. At home, Rohan may prefer measured discussion and tangible solutions, while Ananya may respond quickly and want the emotional matter ad-

dressed immediately. Each can then experience the other's style as either too slow or too forceful.

Rohan's Moon (Capricorn) falls in Ananya's 3rd house, while Ananya's Sun, Moon and Mercury (Aries) fall in Rohan's 9th house. This can make conversations stimulating but easily turn into debates about whose interpretation is more reasonable. A useful practice is a ten-minute listening round: one speaks without interruption, and the other repeats the key point before replying.

Intensity around privacy and vulnerability

Ananya's Mars, Saturn and Ketu (Pisces) fall in Rohan's 8th house. At home, shared finances, intimacy, family sensitivities, or unresolved fears may become charged quickly; Ananya may press for clarity while Rohan becomes guarded or withdraws. Ananya's Ghata Dosha, formed by Saturn and Mars joined in one sign, adds weight to this pattern, so difficult subjects need structure rather than spontaneous confrontation.

Rohan's Mars and Mercury (Libra) fall in Ananya's 12th house, which can make Ananya feel that sharp words continue privately after the visible disagreement has ended. Rohan and Ananya can defuse this by setting a pause signal, taking a defined break, and returning at an agreed time with one request each.

Attachment, expectation, and pressure

Rohan's Rahu (Scorpio) falls in Ananya's 1st house, while Rohan's Ketu (Taurus) falls in Ananya's 7th house. Ananya may sometimes feel unusually observed or unsettled, while Rohan may detach when Ananya most wants reassurance. Rohan's Saturn (Aquarius) falls in Ananya's 4th house, adding a serious tone to domestic decisions.

Both Rohan and Ananya have Pitru Dosha, so ancestral expectations may colour ideas about duty, family, or what a successful partnership should look like. Ananya also has a milder Moon-only Manglik form; it is not a verdict, but a reason to handle anger and urgency consciously.

WHAT TO DO

Hold one weekly household meeting with a fixed agenda: practical matters, emotional check-in, and one shared pleasure. During conflict, use feelings and requests rather than verdicts, postpone sensitive discussions when either person is flooded, and end each repair conversation with one specific act of care.

The Next Three Years Together

AT A GLANCE

The strongest window is 2029-08-25 to 2029-10-05 because Rohan has a double transit on the 7th, Ananya has Jupiter on the 7th from the Moon with Saturn occupying the 7th, and Ananya's Sade Sati is in its setting phase rather than its peak.

2026 to early 2027: steadying the foundation

From 2026-10-08 to 2026-10-21, Rohan is in Jupiter/Sun and Ananya is in Moon/Saturn; from 2026-10-21 to 2027-04-12, Ananya moves into Moon/Mercury. Jupiter is in Cancer for Rohan as 12th from Lagna and 7th from Moon, while it is 9th from Lagna and 4th from Moon for Ananya. Saturn remains in Pisces, bringing Ananya Sade Sati rising and aspecting Ananya's 7th house.

Jupiter's move to Leo on 2026-10-31 gives Rohan Jupiter's aspect to the 7th, but Ananya still carries Sade Sati rising. This is a secondary supportive window for reviewing shared expenses, household routines, and emotional expectations. Rohan can help Ananya by reducing unnecessary pressure; Ananya can help Rohan by keeping important conversations practical and specific.

Mid-2027 to late 2028: the demanding middle phase

From 2027-06-03 to 2027-10-20, Rohan has Kantaka Shani and Ananya has Sade Sati peak. From 2027-10-20 to 2028-02-23, Ananya returns to Sade Sati rising, while Rohan's Saturn is again in Pisces. The 2027-11-26 to 2028-02-23 row is a secondary constructive window: Jupiter aspects Ananya's 7th and Saturn also aspects it, creating a double transit, though Ananya remains in Sade Sati rising.

From 2028-02-23 to 2029-07-18, Rohan has Kantaka Shani and Ananya has Sade Sati peak. Their periods shift from Rohan's Jupiter/Moon to Jupiter/Mars, while Ananya moves from Moon/Mercury through Moon/Ketu into Moon/Venus. They should avoid forcing major decisions during this pressure-heavy stretch; instead, schedule weekly check-ins, protect sleep, and divide domestic responsibilities clearly.

Late 2029: the clearest shared opening

From 2029-08-25 to 2029-10-05, Rohan is in Jupiter/Rahu and Ananya in Moon/Venus. Jupiter aspects Rohan's 7th while Saturn also aspects it, forming a double transit; for Ananya, Jupiter is 12th from Lagna and 7th from Moon while Saturn occupies the 7th. Ananya's Sade Sati is setting, so the period is still serious, but more suitable for consolidation than the preceding peak.

WHAT TO DO

Use this strongest window for a joint long-term plan: review finances, choose one shared priority, and establish a written rhythm for time together, family duties, and personal space.

Remedies for a Harmonious Relationship

AT A GLANCE

Rohan and Ananya benefit most from steady, cooling practices that soften ancestral themes, emotional reactivity, and Saturn–Mars pressure. Consistency matters more than intensity, especially while Ananya's Sade Sati is active and Rohan approaches Kantaka Shani.

For Rohan

- ♦ **Ancestral observance:** Because Rohan's Pitri Karaka is Sun and Pitru Dosha is present, offer water to the rising Sun on Sundays and recite “*Om Suryaya Namaha*” 11 times. Rohan and Ananya can also remember departed elders together with gratitude, without turning the practice into fear.
- ♦ **Relationship steadiness:** Rohan's Saturn occupies the 7th house and aspects the 1st house, while the 7th house is weak by Sarva Ashtakavarga. On Saturdays, Rohan can recite “*Om Sham Shanicharaya Namaha*” 108 times and

complete one reliable act of service. This supports patience, accountability, and gentler responses during difficult conversations.

For Ananya

- ♦ **Ghata Dosha support:** Ananya's Saturn, Mars, and Ketu occupy the 5th house, and Ghata Dosha is present. On Tuesdays, Ananya can recite "*Om Angarakaya Namaha*" 108 times, followed by quiet breathing before discussing sensitive matters. This is especially helpful for interrupting rapid, forceful reactions.
- ♦ **Moon support:** Ananya's Moon occupies the 6th house, and Ananya's Sade Sati is active in the rising phase. A Monday practice of simple moonlight reflection, calm journaling, and "*Om Som Somaya Namaha*" 11 times can create emotional space. During the peak phases from 2027-06-03 to 2027-10-20 and 2028-02-23 to 2030-04-17, keep this routine particularly regular.

Shared practice

Once weekly, Rohan and Ananya can spend twenty minutes in a device-free check-in: each names one appreciation, one concern, and one practical request. During Rohan's Kantaka Shani periods and Ananya's Sade Sati phases, make decisions only after this calm conversation.

Gemstones: A qualified astrologer should be consulted before wearing gemstones. If individually recommended, Sun, Mars, or Jupiter stones are the only suitable categories for Rohan; Moon, Mars, or Jupiter stones are the only suitable categories for Ananya. These are traditional supportive practices, not medical or financial guarantees.

A Closing Blessing for the Couple

A Closing Blessing for Rohan and Ananya

Rohan and Ananya share a bond that can become more generous, grounded and purposeful with conscious care. Rohan's Saturn in Ananya's 4th house brings seriousness to home life, while Ananya's Venus in Rohan's 10th house adds

warmth, appreciation and encouragement to shared ambitions. Together, Rohan and Ananya can make the relationship a place where responsibility and affection strengthen one another.

The friction most worth tending is the different emotional rhythm shown by Rohan's Capricorn Moon and Ananya's Aries Moon. Rohan may seek steadiness and time to process, while Ananya may respond quickly and directly. A simple shared practice will help: pause during difficult conversations, name the feeling beneath the immediate reaction, and return to the issue only after both have been heard.

The strongest window is **2029-08-25 to 2029-10-05**. Rohan and Ananya can use this period to reaffirm shared priorities, review practical commitments and celebrate how far the partnership has matured. The relationship is best supported not by perfection, but by dependable kindness repeated in ordinary days.

May Rohan and Ananya continue to meet one another with patience, honest speech and a willingness to build the future side by side. May their home hold both courage and tenderness, and may every challenge become an invitation to understand one another more deeply.
