Planetary Positions at Birth

Where each of the nine grahas sat at your first breath — including Rahu, Ketu and Mars, the three planets this report centers on.

Lagna	1	Leo	27° 52' 23"	—	—	—	—

Ketu	10	Taurus	12° 24' 23"	Rohini	1	Rx — Retrograde	

Rx (R) = Retrograde — the planet appears to move backward from Earth's view, which traditionally intensifies or turns its themes inward. On charts, (Rx) indicates a retrograde planet. Key: L = Lagna, Su = Sun, Mo = Moon, Ma = Mars, Me = Mercury, Ju = Jupiter, Ve = Venus, Sa = Saturn, Ra = Rahu, Ke = Ketu.

Welcome & Your Dosha Verdicts

Welcome, Rohan

Welcome to your Kaal Sarp And Manglik Dosh Report. Both doshas are examined point by point through your horoscope, using the actual planetary placements and the relevant reference points rather than being assumed from a general pattern. This gives a focused reading of what is genuinely present in your chart.

- ♦ **Kaal Sarp:** Absent — the Moon and Saturn sit outside the Rahu–Ketu arc.

- ♦ **Manglik:** Absent from the Lagna, Moon and Venus; Mars is in the 3rd house from the Lagna.
- ♦ **Pitru:** Present — Saturn aspects the 9th house of father and ancestors, while Ketu aspects the Sun in the 2nd house.

Because Mars occupies the 3rd house from the Lagna, and is also outside the Manglik houses from the Moon and Venus, the chart does not form a Manglik combination from any of these three references. The Rahu–Ketu axis likewise does not enclose all the planets, since the Moon and Saturn remain outside its arc.

The Pitru indication deserves considered attention: Saturn's aspect to the 9th house connects responsibility and discipline with ancestral themes, while Ketu's aspect to the Sun in the 2nd house adds a line of detachment around family identity, values or inherited patterns. This is a specific chart signature, not a general label, and the following section explains it constructively.

The report now continues with the Pitru Dosha analysis and its practical guidance. It also explains the chart factors that support balance, clarity and responsible handling of family and ancestral themes.

Dosha Analysis

The standard dosha checks for your chart. The Kaal Sarp and Manglik verdicts above are recomputed from exact planetary longitudes and take precedence over this table.

Ganda Moola Dosha	ABSENT	The Moon is not in a junction (gandanta) pada.
Kalathra Dosha	ABSENT	There is no kalathra dosha in this horoscope.

Shrapit Dosha	ABSENT	Saturn and Rahu are not joined.

Your Rahu–Ketu Axis

The Rahu–Ketu Axis

Rahu occupies your 4th house in Scorpio, while Ketu occupies your 10th house in Taurus. This places your strongest growth impulse in emotional security, home, inner stability and your relationship with family roots. Rahu’s hunger here can make you seek a deeper sense of belonging, while its dispositor, Mars, is in the 3rd house in Libra, directing that drive into initiative, communication and personal effort.

Ketu in the 10th house brings detachment from conventional status and career recognition. You may work effectively yet remain less interested in public approval than others expect. Ketu’s dispositor, Venus, is in the 1st house in Leo,

linking professional direction with identity, presentation and personal values. The axis therefore asks you to balance outer achievement with a secure and personally meaningful private life.

Moon and Saturn sit outside the Rahu–Ketu arc, so the seven planets are not enclosed on one side of the axis. This makes the nodal pattern more nuanced: Rahu and Ketu still mark an important home–career polarity, but they do not define the entire planetary arrangement. Saturn’s aspect to the 4th house and Ketu’s aspect to that house add seriousness and periodic distance around domestic peace, making conscious emotional grounding especially valuable.

How the Axis Develops

Your current Jupiter mahadasha runs until 12 December 2031, with Jupiter/Sun continuing until 12 April 2027. Jupiter joins the Sun in your 2nd house, supporting the development of values, family responsibilities and a clearer voice. As your 2nd house has weak overall Ashtakavarga support, careful speech and disciplined financial choices help you use this period constructively.

At present, Rahu is in Aquarius, 7th from your Lagna and 2nd from your Moon, while Ketu is in Leo, 1st from your Lagna and 8th from your Moon. Rahu remains there until 5 December 2026, and Ketu until 5 December 2026. From 5 December 2026, Rahu moves to Capricorn, 6th from your Lagna and 1st from your Moon, while Ketu moves to Cancer, 12th from your Lagna and 7th from your Moon.

WHAT TO DO

Build a stable home routine, communicate directly, and choose career goals that serve your deeper values rather than status alone.

Mars in Your Chart

AT A GLANCE

Mars is a constructive force in your horoscope, giving courage, initiative and persistence through the 3rd house. As the yogakaraka and lord of your 4th and 9th houses, it connects personal effort with property, education, home stability, fortune and higher principles.

Mars is placed in Libra in your 3rd house, alongside Mercury. Its dignity is neutral, while its position supports enterprise, communication, practical skills and the confidence to take calculated action. You may prefer to solve problems directly, yet Libra encourages you to weigh consequences and preserve fairness before acting.

Because Mars rules your 4th house, its placement links home, property, vehicles and emotional foundations with initiative, courage and self-made progress. As ruler of your 9th house, it also supports learning, travel, mentors and purposeful development through consistent effort. Mars receives no aspect in the 3rd house, allowing its independent drive to express itself clearly.

Mars aspects your 6th, 9th and 10th houses. This can strengthen your capacity to face competition, apply discipline to work and defend your principles. Its influence on the 9th house reinforces determined learning and purposeful guidance, while its influence on the 10th connects courage and persistence with professional advancement. Your 3rd house has average overall support, so steady practice will help your natural initiative produce lasting results.

Your Manglik count places Mars in the 3rd house from the Lagna, the 10th house from the Moon and the 3rd house from Venus; this pattern does not form Manglik Dosha from any of the three references.

WHAT TO DO

Direct Mars into projects that reward initiative, negotiation and skill-building. For property or family decisions, combine your instinct to act with clear planning, written agreements and patient communication.

Pitru Dosha in Your Chart

Understanding Pitru Dosha

Pitru Dosha is traditionally understood as an inherited ancestral debt or unresolved family responsibility reflected through sensitive connections involving the Sun, the ninth house, the Moon, or the lunar nodes. It is read as a call to honour ancestry and bring greater consciousness to duties involving your father, children, and family lineage.

In your chart, Saturn aspects the ninth house of father and ancestors, while Ketu aspects the Sun in the second house. The Sun is also your Pitri Karaka, giving this ancestral theme particular relevance to paternal values, family continuity, speech, and responsibilities connected with preserving family principles.

How It Can Show

Classically, this combination may show delays or added responsibility around the father, children, or family duty. You may experience a need to work patiently through expectations involving elders, inheritance of family values, or the practical obligations that accompany family growth. Saturn's influence asks for maturity and consistency, while Ketu's influence on the Sun encourages humility and a less ego-centred approach to family identity.

This is a traditional interpretive framework, not a fixed outcome. Your chart also shows an average-strength ninth house, so steady conduct, respect for elders, and responsible fulfilment of commitments are especially constructive ways to work with the symbolism.

Traditional Supportive Practices

- ◆ Perform **Shraddha** and **tarpan** during Pitru Paksha, with sincere remembrance of your ancestors.
- ◆ Feed Brahmins or people in need on Amavasya, dedicating the act respectfully to your ancestral line.
- ◆ Water a peepal tree on Saturdays while maintaining a calm, prayerful attitude.
- ◆ Offer a simple prayer to the Sun at sunrise, acknowledging your father and ancestral blessings.

These are traditional supportive practices, never a guarantee of a particular result. **What to do:** Keep the observances regular, respectful, and practical, while meeting family responsibilities with patience and clarity.

Marriage Timing — the Next Ten Years

Marriage timing is strongest when the dasha promises partnership and Jupiter activates the 7th house or its lord; transit support then brings the promise into practical circumstances. If you are already married, these periods also favour renewing, strengthening, or formalising the partnership.

Strong

- ◆ **18 March 2033 to 28 March 2034:** Saturn/Saturn operates while Jupiter supports marriage by occupying Aquarius, your 7th house.

Supporting

- ♦ **25 August 2029 to 5 October 2029:** Jupiter in Libra aspects your 7th house, Aquarius, while Saturn in Taurus also aspects it.
- ♦ **1 May 2030 to 23 September 2030:** Jupiter in Libra aspects your 7th house, Aquarius, and Saturn in Taurus repeats that support.
- ♦ **9 September 2036 to 8 October 2036:** Jupiter in Gemini aspects your 7th house, Aquarius, while Saturn in Leo also aspects it.

Jupiter's supportive role is especially useful because Saturn occupies your 7th house and is its lord, making commitment, maturity, and clear responsibilities central to a lasting union. Venus in the 1st house aspects the 7th house, adding attraction and the wish to create a balanced partnership, while the 7th house itself has weak overall Ashtakavarga support, favouring deliberate choices over rushed decisions.

Everyday Practices for Rahu, Ketu & Mars

Weekly Practices

AT A GLANCE

Your most useful routine is steady, physical, and respectful in communication. Work with Mars through disciplined movement, and give Rahu and Ketu a brief, consistent weekly focus rather than dramatic remedies.

- ♦ **Mars in your 3rd house:** Complete two or three purposeful exercise sessions each week—brisk walking, strength training, yoga, or a sport. Keep one session focused on the arms, shoulders, and core, and use the effort to build courage without rushing into arguments or impulsive replies.
- ♦ **Rahu in your 4th house:** On Saturday, spend ten quiet minutes clearing one area of your home, then sit calmly with slow breathing. Keep phones and stimulating conversations away during this practice; the aim is a more settled inner and domestic environment.

- ♦ **Ketu in your 10th house:** On Wednesday, take five minutes to review your work priorities and remove one unnecessary task. A short prayer, mantra, or silent meditation before beginning work can help you act with purpose without becoming detached from practical responsibilities.
- ♦ **Home communication:** Once each week, have a calm conversation at home with one person at a time. Listen fully before answering, avoid raising your voice, and postpone sensitive decisions if either of you is agitated. This directly supports the balance between Rahu's 4th-house concerns and Mars's 3rd-house speech and initiative.

WHAT TO DO

Keep the routine simple for at least eight weeks: exercise on fixed days, Saturday for Rahu, Wednesday for Ketu, and one calm family conversation weekly. Consistency will serve you better than intensity.

12

Closing Note

Rohan, your chart shows Kaal Sarp Dosha absent and Manglik Dosha absent from the Lagna, Moon and Venus, while Pitru Dosha is present through Saturn's aspect on the 9th house and Ketu's aspect on the Sun in the 2nd house.

Your most useful next step is to honour your family lineage through a simple, consistent practice such as offering prayers or service in remembrance of your ancestors, while keeping your attention on constructive communication and steady personal discipline.
